SUMMARY

Hello! I am Silky, a passionate student currently pursuing Master of Computer Applications (MCA) degree from Medicaps University. With a deep-rooted fascination for technology and its transformative capabilities, I am actively shaping my path as a future-focused software developer.

I aim to collaborate with experienced developers, learn from their expertise, and contribute to projects that enhance the user experience and meet the needs of clients.

KEY EXPERTISE

HTML	CSS	JavaScript	MySQL	C
Bootstrap	TypeScript	Angular	Python	Java
Node.Js	Express.Js	MongoDB	Data Structure	GitHub

EDUCATION

Medi-Caps University	2022-2024
M.C.A. - Computer Applications CGPA: 8.55 / 10.00	
	2019-2022
Shri Vaishnav Institute Of Management, Indore	
Bachelor of Science - IT Percentage : 85.00 / 100.00	

INTERNSHIP

Fealty Technologies	1 June 2023 - 31 July 2023
Mean Stack Developer	
<ul style="list-style-type: none">Created To-Do List app with Angular for frontend, using MongoDB as database and Node.js, Express.js as backend.Developed RESTful web services using Node.js and Express framework.Implemented authentication and authorization mechanisms using JSON Web Token.Designed MongoDB database schemas to store application data.	

PROJECTS

Personal Portfolio

Key Skills: Angular, Bootstrap, Typescript.

- The navigation bar offers smooth transitions between different sections of my portfolio.
- Interactive Home welcomes visitors with a captivating introduction.
